

# Beef HerdPlus

Dear Herdowner,

- The data that you have been recording on your animals through animal events & various National schemes is stored in the ICBF database.
- Beef Herdplus has combined this data with information recorded by other organisations in the Beef Industry e.g. Marts, Factories & AI Companies.
- **The resulting reports have already been generated for your herd and are now available for you to use through Beef Herdplus.**

icbf

## Calving

Find out how your herd's calving performance ranks on a national scale for calving interval, mortality etc

## Suckler Cow

View the performance of progeny of your suckler cows – even if they are no longer in your herd.

## Bulltracker

View progeny details for all Stockbulls that you had or Youngbulls that you sold for breeding.

## Schemes

Webscreens designed to allow easy input of required data for Dept. schemes.

## Stock

View Stock numbers broken down by month & category of animal. Extremely useful for end of year accounts.

## €uro-Star

Get a detailed breakdown of the €uro-Star ratings for all animals in your herd.

## Slaughter

Slaughter details for each animal together with Lifetime Daily Gains etc are shown.

## Inbreeding

Ensures that close matings are avoided before a Stockbull/AI Sire is used

Don't let this valuable breeding information go to waste –
